REPORT ON WORLD MARITIME DAY

The School Observed Assembly was conducted on Wednesday, 7th October 2026 by the students of Class VI D under the leadership of their Class Teacher, Ms. Ashly Antony.

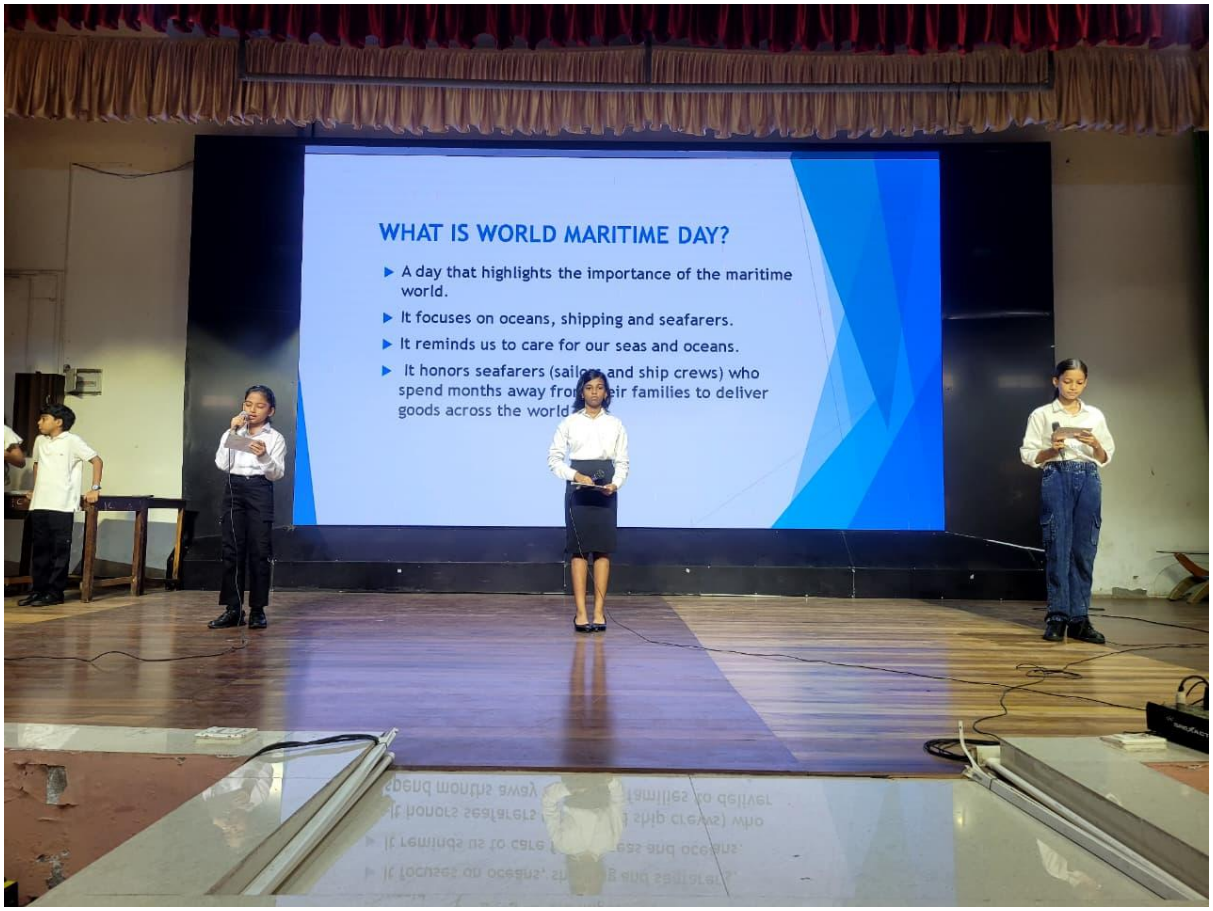

The assembly was based on the theme of World Maritime Day. It began with a PPT presentation on World Maritime Day, which highlighted the importance of the maritime industry, the role of seafarers, and the need to protect our oceans.

This was followed by a Quiz, which was conducted for the students. The quiz created great enthusiasm and active participation among the students and helped them to learn interesting facts about the maritime world in a fun and interactive manner.

A Speech on the Importance of World Maritime Day was also delivered, emphasizing the significance of shipping, maritime safety, and the contribution of the Navy and seafarers to the nation.

All the students of Class VI D actively participated in making the assembly a grand success. Their confident presentation, discipline, and teamwork were highly appreciated by the teachers and the school observers.The assembly concluded successfully, leaving the students with a better understanding and appreciation of World Maritime Day.

WHAT IS WORLD MARITIME DAY?
A day that highlights the importance of the maritime world.
It focuses on oceans, shipping and seafarers.
It reminds us to care for our seas and oceans.
It honors seafarers (sailors and ship crews) who spend months away fro ir families to deliver goods across the world
